CONTENTS OF VOLUME 24

Number 1, May 1992

Original Papers

An updated dose-response analysis in Hodgkin's disease
S. Vijayakumar and L. C. Myrianthopoulos (U.S.A.) 1

Localized extradural lymphoma: survival, relapse pattern and functional outcome
A. J. Rathmell, M. K. Gospodarowicz, S. B. Sutcliffe, R. M. Clark and The Princess Margaret Hospital Lymphoma Group (Canada) 14

Post-irradiation hyperamylasemia as a biological dosimeter
B. Dubray, T. Girinski, H. D. Thames, A. Becciolini, S. Porciani, C. Hennequin, G. Socié, M. Bonnay and J.-M. Cosset (U.S.A., France, Italy) 21

Changes in serum and salivary amylase during radiotherapy for head and neck cancer: A comparison of conventionally fractionated radiotherapy with CHART
M. D. Leslie and S. Dische (U.K.) 27

Preoperative radiation therapy and surgery in the treatment of "bulky" squamous cell carcinoma of the uterine cervix (stage Ib, IIa, and IIb operable tumors)
E. Touboul, J.-P. Lefranc, J. Blondon, M. Ozsahin, B. Roche, S. Mauban, L. Batel-Copel, L. H. Schwartz, M. Schlienger, A. Laugier and R. A. Guerin (France) 32

The value of postoperative irradiation in renal cell cancer
M. Stein, A. Kuten, J. Halpern, N. M. Coachman, Y. Cohen and E. Robinson (Israel, U.S.A.) 41

Routine clinical on-line portal imaging followed by immediate field adjustment using a tele-controlled patient couch
W. De Neve, F. Van den Heuvel, M. De Beukeleer, M. Coghe, L. Thon, P. De Roover, M. Van Lancker and G. Storme (Belgium) 45

Technical Note

Influence of shielding blocks on the output of photon beams as a function of energy and type of treatment unit
J. Van Dam, A. Bridier, C. Lasselin, N. Blanckaert and A. Dutreix (France) 55

Short Communication

Additive effects of cisplatin and radiation in human tumour cells under oxic conditions
M. Flentje, M. Elbe, U. Haner, S. Trinh and M. Wannenmacher (F.R.G.) 60

Letters to the Editors

Implantation of the tongue and floor of mouth – what factors really do contribute to necrosis?
J. W. Denham (Australia) 64

Reply to letter by J. W. Denham
J.-J. Mazeron, J.-M. Simon and C. Le Péchoux (France) 65

Meeting Agenda 67

Courses 68

Announcements 70

Publisher's Announcement 74

Number 2, June 1992

Commentary

Carbogen and nicotinamide: expectations too high?
J. M. Brown (USA) 75

Original Papers

Quality control of radiotherapeutic treatment of medulloblastoma in a multicentric study: The contribution of radiotherapy technique to tumour relapse
C. Carrie, C. Alapetite, P. Mere, L. Aimard, A. Pons, H. Kolodie, S. Sengy, J. L. Lagrange, D. Pontvert, T. Pignon, M. Lacroze, C. Ginestet, J. L. Bernard and the French Medulloblastoma Group (France) 77

Three-dimensional dose mapping from gamma knife treatment using a dosimeter gel and MR-imaging
L. E. Olsson, J. Arndt, A. Fransson and B. Nordell (Sweden) 82

Incompletely resected advanced squamous cell carcinoma of the head and neck: The effectiveness of adjuvant vs. salvage radiotherapy
D. Huang, C. R. Johnson, R. K. Schmidt-Ullrich, A. Sismanis, J. P. Neifeld and J. Weber (USA) 87

Radiation therapy of stage I breast cancer: Analysis of treatment technique accuracy using three-dimensional treatment planning tools
G. Gagliardi, I. Lax and L. E. Rutqvist (Sweden) 94

Inherent radiosensitivity and split-dose recovery in plateau-phase cultures of 10 human tumour cell lines
A. Courdi, R. J. Bensadoun, J. Gioanni and C. Caldani (France) 102

Low dose preoperative radiotherapy for carcinoma of the oesophagus: results of a randomized clinical trial
S. J. Arnott, W. Duncan, G. R. Kerr, P. R. Walbaum, E. Cameron, W. J. L. Jack and W. J. Mackillop (UK) 108

Short Communication

Bleomycin/cis-platin as neoadjuvant chemotherapy before radical radiotherapy in localized, inoperable carcinoma of the esophagus
R. Haltevoll, S. Hagan, H. S. Hansen, R. Hultborn, A. Jakobsen, M. Mäntylä, H. Modig, E. Munck-Wikland, K. Nygaard, B. Rosengren, J. Tausjø and K. Elgen (Norway, Sweden, Denmark, Finland) 114

Technical Note

Digiplot: a PC programme for drawing tumour volumes for radiation therapy treatment planning using computed tomography images
E. H. J. M. Rutten, W. Abma and L. van Erning (The Netherlands) 117

Letters to the Editors

Thalassemic osteoarthropathy treated by radiotherapy
C. Papavasciliou, G. Plataniotis, G. Limouris, A. Kalovidouris, A. Gouliamos and L. Vlahos (Greece) 120

Carbogen and nicotinamide: expectations too high? (response to J. M. Brown)
M. R. Horsman (Denmark) 121

Extrapolations from laboratory and preclinical studies for the use of carbogen and nicotinamide in radiotherapy
A. Rojas, M. C. Joiner and J. Denekamp (UK) 123

Rapid repopulation in radiotherapy: a debate on mechanism
B. Bones (UK) 124

Rapid repopulation in radiotherapy: debate on mechanism
J. F. Fowler (USA) 126

Parotid gland function following radiotherapy
J. K. D. Bentzen (Denmark) 127

Parotid gland function following radiotherapy
M. D. Leslie and S. Dische (UK) 127

Meeting Agenda 129

Courses 130

ESTRO Announcements 132

Publisher's Announcement 136

Number 3, July 1992

Publisher's Announcements iii

Original Papers

Dosimetry of intracavitary placements for uterine and cervical carcinoma: results of orthogonal film, TLD, and CT-assisted techniques
K. S. Kapp, G. F. Stuecklschweiger, D. S. Kapp and A. G. Hackl (Austria, USA) 137

A comparison of accuracy of computer treatment planning systems in brachytherapy
P. Feroldi, M. Galelli and S. Belletti (Italy) 147

Clinical experience with a single field rotational total skin electron irradiation technique for cutaneous T-cell lymphoma
C. R. Freeman, S. Suissa, G. Shenouda, T. Vuong, L. Souhami, M. Pla, E. B. Podgorsak and C. Pla (Canada) 155

Carcinomas of the nasal cavity
K. Kian Ang, G.-L. Jiang, R. A. Frankenthaler, J. H. A. M. Kaanders, A. S. Garden, L. Delclos and L. J. Peters (USA) 163

The effect of unlabelled monoclonal antibody (mAb) on the biodistribution of ^{131}I-anti-idiotype mAb in murine B cell lymphoma
J. Schiele, S. J. Knox, W. Ruehl and M. L. Goris (USA) 169

Mouse hemithoracic irradiation and its interaction with cytotoxic drugs
S. P. Lockhart, J. D. Down and G. G. Steel (UK) 177

Different early effect of irradiation in brain and small cell lung cancer examined by in vivo ^{31}P-magnetic resonance spectroscopy
P. E. G. Kristjansen, A. G. Pedersen, B. Quistorff and M. Spang-Thomsen (Denmark) 186

Short Communications

Conventional external irradiation alone as adjuvant treatment in resectable pancreatic cancer: results of a prospective study
J. F. Bosset, J. J. Pavy, M. Gillet, G. Mantion, E. Pelissier and S. Schraub (France) 191

The use of large fractions in radiotherapy for malignant melanoma
S. O. Pyrhönen and M. J. Kajanti (Finland) 195

The clinical application of a non-axial treatment plan for pancreatic and biliary malignancies
J. M. Robertson, L. Marsch, R. K. Ten Haken and T. S. Lawrence (USA) 198

The effect of the hypoxic cell drug SR-4233 alone or combined with the ionizing radiations on two human tumor cell lines having different radiosensitivity
P. Lambin, M. Guichard, N. Chavaudra and E. P. Malaise (France) 201

Announcements 205

Corrigendum 213

Number 4, August 1992

Original Papers

The effect of increasing the treatment time beyond three weeks on the control of T_2 and T_3 laryngeal cancer using radiotherapy
N. J. Slevin, J. H. Hendry, S. A. Roberts and A. Agren-Cronqvist (UK) 215

Aggressive treatment of intrathoracic recurrences of thymoma
A. Urgesi, U. Monetti, G. Rossi, U. Ricardi, G. Maggi and G. Luca Sannazzari (Italy) 221

The role of radiotherapy in the treatment of primary mediastinal seminoma
M. Uematsu, M. Kondo, T. Dokiya, S. Tamai, Y. Ando and S. Hashimoto (Japan) 226

The use of asymmetric-field inversion gel electrophoresis to predict tumor cell radiosensitivity
A. J. Giaccia, J. Schwartz, J. Shieh and J. M. Brown (USA) 231

Potentiation of alkylating chemotherapy by dual function nitrofurans in multi-cell spheroids and solid tumors
D. W. Siemann and R. M. Sutherland (USA) 239

Radiosensitizing and repair-inhibiting properties of dipyridamole
P. A. Coucke, H. P. Rutz, J.-M. Calmes and R. O. Mirimanoff (Switzerland) 246

A practical evaluation of five dose-volume histogram reduction algorithms
C. S. Hamilton, L. Y. Chan, D. L. S. McElwain and J. W. Denham (Australia) 251

Maximizing setup accuracy using portal images as applied to a conformal boost technique for prostatic cancer
J. Bijhold, J. V. Lebesque, A. A. M. Hart and R. E. Vijlbrief (The Netherlands) 261
